

I am 55 years of age with daughter's 6 and 18 years of age. I help with our church's youth (Oneighty). These kids like any other love music. KLOVE gives us music that we can listen to as a family. In southern Indiana our airwaves are full of "commercial" stations that play country or rock. The only christian music that is available, other than Sunday Mornings, is from our local KLOVE Station. Please do not allow the new LPFM stations to take over these music choices.

Thanks!
